

DELICIOUS COFFEE
24 HOURS A DAY

OUR SOLUTION

We know that studying does not stop at 5pm, so why not offer students a 24/7 solution, with delicious coffee shop style drinks. All whilst giving back directly to where the coffee was originally sourced, with our carbon offsetting program.

Choose a machine to suit your needs

A range of finance options available

Wholesale ingredients - next day delivery

Optional branded point of sale items

With a fresh and bright alternative, you can offer your students a brand that will engage them, offer the latest flavours and drink options, whilst also offering them the opportunity to learn about the coffee, its origins and the strict standards that it adheres to.

R S L
REFRESHMENT SYSTEMS LTD.

As a company, we have over 50 years of experience bringing innovative and fresh solutions to the food and beverage industry. Completely independent with a full in-house operation from enquiry to graphic design and printing to installation and service, we have a seamless process with no need to outsource any part of the function, meaning shorter lead times.

With a national presence we can support companies across the UK and ensure that our service standards are strictly monitored and reviewed, allowing our customers to have peace of mind with their equipment. In the past year our highly-skilled engineers have resolved 80% of call-outs within 4 hours, and 99% in less than 8 hours.

We have won awards for innovation and green processes, and are proud to be recognised as a CarbonZero company.

▶ DON'T TAKE OUR WORD FOR IT TAKE THEIRS

“Attractive machines are a must if you want to entice your staff, students and visitors to spend money on campus. The machines we have serve drinks on demand and at the touch of a button using fresh coffee beans.”

Manchester College

“We have been so happy with the service that we are now looking to add further machines to different areas on campus.”

Leeds City College

▶ HOW DO YOU BENEFIT?

- Keep students and faculty alert and productive
- As a carbon zero company, we can help you to achieve your carbon emission goals
- Provide students with a sustainable coffee option
- Increase revenues with a quality coffee solution
