

OUR WARD BEVERAGE TROLLEY ...DESIGNED WITH YOU IN MIND

As budgets are tighter than ever, we have a solution where you can receive the trolley for free and just pay for the ingredients that you use.

Easy to clean

Surfaces have been designed to minimise the gathering of dirt or dust

Personalised

Bespoke branding opportunities

Compliance

Fully conforms with the most stringent health, safety & fire regulations

Secure

The option of lockable storage

Innovation

With a 'still plugged-in' feature - it means that there is no damage from 'walkaways'

Added extra

Available with heated toast compartments (with capacity of up to 20 slices of toast)

The trolley is available in both in-cup and bottle dispensed variants.

REFRESHMENT SYSTEMS LTD.

WHY CHOOSE US

As an independent provider, we are not tied to any individual machine manufacturer or ingredient supplier; therefore, we are able to work closely with our clients to develop a truly bespoke solution.

We have worked hard to produce a trolley that not only looks great but can withstand the rigours of a tough hospital environment. Using first-hand market research every detail has been carefully considered; from the boiler capacity to ample lockable storage, and compliance with NHS standards to lightweight and manoeuvrable.

As a business we have won awards for our innovation and green processes and are proud to be recognised as the only Carbon Zero vending company in the UK.

INGREDIENTS

With a simple solution to order your ingredients either by phone or email, you can receive your products the very next working day (when ordering before 12 noon).

We stock a wide range of products including coffee beans, teas, healthy eating snacks, plus a wide range of ancillary items.

Speak to a member of the team today to find out more about our range and what we can offer you.
