Please refer to the operative manual for complete safety information and instruction when considering any maintenance on the machine.

Daily Cleaning

Daily Cleaning

Before leaving the machine each visit, the machine should be inspected and cleaned as follows:

- ① Glass – inside and out – use glass cleaner and disposable towels
- ② Front of monetary panel – do not use ammonia based cleaners as it may cause premature crazing of the polycarbonate surface. We recommend the use of Novus #1 plastic cleaner & polish.

For units equipped with a touch screen, never spray any cleaner directly on the touchscreen, nor permit liquids to flow onto the screen. Apply cleaner to a disposable towel and then apply to the pill or touchscreen. Treat the touchscreen as you would any sensitive electronic device and never use abrasive cleaning materials.

- ③ Delivery Bin – Inside and out – clean any spills or residue with a mild soap and water solution, and wipe dry.
