WHY CHOOSE VENDSMART SUBZERO?

We have joined forces with Oakhouse Foods to offer an exceptional 24/7 hot food experience.

Allow us to introduce Oakhouse Foods, a leading frozen food supplier in the UK specialising in delivering high-quality meals. When paired with RSL's state-of-the-art Vendsmart Subzero machine, this partnership forms an unbeatable combination.

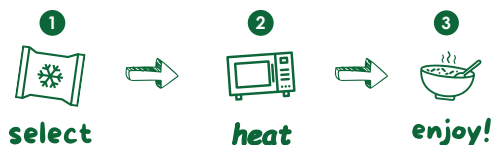

Our vending machine boasts an array of advanced features, including an interactive touch screen, intelligent product sensing, energy-efficient design, remote monitoring and diagnostics, multiple payment options, and customisable product selections, all of which contribute to an unparalleled user experience.

Our hot food solution boosts satisfaction, productivity, and offers 24/7 availability without high staffing costs.

Did you know?

Oakhouse Foods have delivered over 40 million meals up and down the country, via it's nationwide network of over 25 depots

Microwave unit

The Subzero unit, featuring Oakhouse Food branding, accommodates one or two commercial microwaves. These microwaves, provided by RSL, utilise scanning technology to heat meals to the correct temperature. All vending machine meals are thoroughly tested and externally verified for safe use with these microwaves, ensuring a convenient and safe heating experience.

RSL collaborates closely with Oakhouse Foods to offer a diverse menu for all day dining, including breakfast, lunch/light bites, dinner, and desserts. This partnership aims to provide a genuine 24/7 food option that encourages repeated visits from both staff and visitors.
